- f) A grant by the Municipality otherwise than in accordance with this Act.

"Virement" is the process of transferring an approved budgetary provision from one operating cost element or capital project to another within the function, fund, vote and sub- vote during a municipal financial year and which results from changed circumstances from that which prevail at the time of the previous budget adoption.

"Vote" refers to

- a) One of the main segment into which a budget of a Municipality is divided for the appropriation of money for the different department or functional areas of the Municipal; and
- b) Which specifies the total amount that is appropriated for the purpose of the department or functional area concerned.

3. INTRODUCTION

- A virement represents a flexible mechanism to effect budgetary amendments within the municipal financial year.
- Changing circumstances and priorities during a financial period may give rise to a need for virement (transfer) of funds within or between Votes, as defined in the Municipal Finance Management Act (MFMA) 56 of 2003. The treatment of such instances may, however, be dependent on whether an adjustment budget is required or not.
- The MFMA and the Municipality budget and Reporting Regulations, 2009 seek to move municipalities away from the traditional approach of appropriating / approving budgets by line item. The aim is to give the accounting officer and senior management programmes greater flexibility in managing their budgets. In furtherance of this objective, the municipality puts this policy, to provide clear guidance to managers on when shifts funds between items, projects, programmes and votes.

4. PURPOSE OF THE POLICY

- This policy aims to provide guidelines to senior management in the use of the virement as mechanism in the day-to-day management of their budget. This policy allows flexibility in the use of the budgeted funds to enable management to act on occasions such as disasters, unforeseen expenditure and/not limited to savings. As they arise to accelerate service delivery in a financially responsible manner.
- In addition, it specifically aims to empower senior managers with an efficient financial and budgetary system to ensure delivery of optimum services within the current legislative framework of the MFMA and the municipality's system of delegation.

5. VIREMENT CLARIFACTION

 Virement is the process of transferring budgeted funds from one line items number to another, with the approval of the Municipal Manager, Relevant Manager and CFO, to enable budget managers to amend budgets in the light of experience or to reflect anticipated changes (MFMA s28 (2) (c)).

6. FINANCIAL RESPONSIBILTY

- Strict budgetary control must be maintained throughout the financial year in order that potential overspends and / or incomes under recovery within the individual votes, departments are identified at the earliest possible opportunity (Section 69 MFMA).
- The Chief Financial Officer has a statutory duty to ensure that adequate policy and procedures are in place to ensure effective system of financial control. The budget virement process is one of these controls (MFMA s21 (1) (a)).
- It is the responsibility of each manager or head of a department or activity to which funds are allotted, to plan and conduct assigned operations so as not to expend more funds than budgeted. In addition, they have responsibility to identify and report any irregular or fruitless and wasteful expenditure in terms of the MFMA s32 and s78.

7. VIREMENT REQUIREMENTS AND RESTRICTIONS

- The virement represents a flexible mechanism to effect budgetary amendments within a municipal financial year and is the major mechanism to align and take corrective financial year or budgetary action within a function and sub-function during a financial year.
- In order for a vote to transfer funds from one cost element or capital project to another cost element or capital project, a saving has to be identified within the monetary limitation of the approved budget giving the cost element or capital project allocations on the respective budget.
- Sufficient, non-committed budgetary provision should be available within the given vote's
 cost element or capital project concerned to give effect to the budgetary transfer (virement).
 In addition, the transferring function must clearly indicate to which cost element or capital
 project the provision will be transferred to and provide a clear motivation for the transfer.
- Any budgetary amendment of which the net impact will be a change to the total approved budget allocation and any other amendments not covered in this policy are to be considered for budgetary adoption through an adjustment budget as per section 28 of the MFMA.

- Virement between operating and capital budget is not permitted, other than through an adjustment budget.
- Budget transfers within the same function or sub- function shall be recommended by the head of department (HODs) and the Chief Financial Officer, and/or the Accounting Officer, only if it is from the same source of funding.
- No budget transfer or virement shall be made to or from salaries.
- The budget for personnel expenditure may not be increased without prior approval of the Accounting Officer.
- Saving on allocation earmarked for specific identified project as per the approved SDBIP, may not be used for other purposes except with the approval of council.
- Senior managers may utilize a saving in the amount appropriated under a main expenditure category (operational cost, contracted services, inventory, interest charged, depreciation, grants, insurance and VAT) within a function which is main expenditure category within the same vote, with the approval of the Chief Financial and/ or Accounting Officer.
- Savings in an amount appropriated for capital expenditure may not be used to defray operational budget.
- Virement between votes must be included and approved by Council in the adjustment budget.
- Virement between trading and rate funded functions are not allowed, due to the differing impacts on respective tariff or rates –borne services budget, unless adopted through an adjustment budget (MFMA, section 28).
- Virement between functions may not exceed a maximum of 10% of the total approved operating expenditure budget of the department.
- A virement may not create a new policy, or significantly vary from current policy, or alter the approved outcomes / outputs as approved in the IDP for the current or subsequent year.
- Virement resulting in adjustment to the approved SDBIP by the user department may need
 to be submitted with an adjustment budget to Council with altered outputs and
 measurements for approval.
- No virement may commit the municipality to increase recurrent expenditure, which commits
 the Council's resource in the following financial year, without the prior approval of Council.
 This refers to expenditure such as entering into a multi-year lease or rental agreement for
 leasing of vehicles, photo copiers or fax machines.
- No virement may be made to cover or allow for unauthorized, irregular or fruitless and wasteful expenditure

- No virements are permitted within the first three months or the final month of the financial year without the approval of the Accounting Officer.
- Virement amounts may not be rolled over to the subsequent years, or create expectations on the following budgets
- All virement should be approved in line with the Council's system of delegations.
- All virements of funds between votes must be approved by the Accounting Officer and reported to the Executive Mayor on a monthly basis.

8. OPERATING BUDGET VIREMENTS

- Sound motivations should be provided for all virements, as provided for on pro forma virement documentation.
- Specific virement limitations:
 - ➤ No virements are permitted between Primary and Secondary cost elements.
 - No virements are permitted to and from Grants and Subsidies Paid.
- Salaries, Wages and Allowances Subjective Category:
 - Virements are allowed between cost elements of and only if these virements are within
 this subjective category.
 - Virements to and from this subjective expenditure category are subject to the approval of the CFO.
- General Expenditure and Repairs and Maintenance (Primary)
 - Virements to and from cost elements within these categories are allowed (Virements are allowed from General Expenditure to Repairs and Maintenance).
- Contracted Services and Collection Costs: Virements to and from these elements are allowed.
- No virements will be permitted to and from the following expenditure categories, unless such amendments are effected within the cost element:
- Bad Debts
- > Interest Charges and Depreciation
- Appropriation Accounts

• Revenue: No virements will be approved on any Revenue element. Revenue provisions' amendments are to be adopted via an adjustments budget.

• Secondary Operating Cost Elements

- ➤ Virements are allowed within the same cost elements. The service requestor and service provider must both endorse such virements.
- ➤ Internal Utilities and Bulk Internal Utilities virements are permissible, on condition that the respective Internal Utilities Revenue and Bulk Internal Utilities Revenue are amended simultaneously.
- Virements may not increase the total approved budget of that cost element.
- Virements are not permissible in relation to Support Service Charge.

9. CAPITAL BUDGET VIREMENTS

- Only virements which relate to projects approved as part of annual or adjustments budgets will be permitted.
- No virements of which the affect will be to add "new" projects onto the Capital Budget will be allowed.
- Virements may not cause an increase to individual projects' total project cost.
- Virements must be between projects of similar funding sources (e.g. EFF, CRR).
- Implementation of the project from which funds are viremented may not be prejudiced
 (i.e. must not hinder completion of the project).
- Motivations for virements should clearly state the reason for the saving within the "giving" project, as well as the reason for the additional amount required.
- Virements from Grant Funding between different functions will be allowed as per National Treasury MSCOA Circular No.8 which states the following.
 "Virements between functions should be permitted where the proposed shifts in funding facilitate sound risk and financial management."
- Virements in lieu of MSCOA alignment and corrections will be affected by the Manager: Budgets.

10. VIREMENT PROCEDURE

- All virements proposals must be completed on the appropriate documentation and forwarded to the Chief Finance Officer for checking and implementation,
- All virements must be signed by the Vote holder (per department) and the Manager within which the vote is allocated.
- A virement form must be completed for all budget transfers
- A virement in excess of R50 000 with a maximum of R 100 000 may only be approved by the Municipal Council.

- Virement can be approved as follows:
- >0 < 500 000 HOD
- >500 000 < 5 000 000 Accounting Officer, CFO
- >5 000 –00 Council
- A virement must include changes to the SDBIP;
- All documents must be in order and approved before any expenditure can be committed or incurred;
- The municipal manager will report to the Mayor on a quarterly basis an those virements that have taken place during that quarter.

11.PROCESS AND ACCOUNTABILITY

- Accountability to ensure that virement application forms are completed in accordance
 with the municipality's virement policy and are not in conflict with the department's
 strategic objective rests with the senior manager of a relevant department.
- Completed and approved virement documentation is to be effected by the Finance Department.
- All virements must be included as changes into the SDBIP.
- Virements approved and processed will be reported for information k y the Accounting
 Officer to the Executive Mayor on a monthly basis.

12. IMPLEMENTATION OF THIS POLICY

The policy will be implemented upon approval of the amendments by Council
